KEY WEST, Oct 25—The steamship leabel arrived out or the 21st. She is gladly welcomed back by this community, a least. She comes to us fresh from the ship builders yard, gle least. She comes to us fresh from the ship builders yard, gle least. She comes to us fresh from the ship builders yard, gle rying in renewed strength and power, renovated and holided wher iron and wood would add solidity to her frame, and over all premenande deck extending the whole length has been adde to as noble a ship as ploughs the waters of the Guif. Connois seurs in naval architecture pronounced the Isabel before he alteratious a handsome ship, and we are much mistaken it they will not now consider her the finest ship of her tomang affoat. With all the changes made by the owners of the Isabel before he she, the travelling public will be glad to learn that the sam officers attached to the ship, with one or two exceptions, since she has been running, are yet to be found at their differen ports. Captain Rollins, the most successful navigator in these waters, a galant and renowned commander, will continue is the ship, and, with his swerve manners and frank and saitor like bearing, render her, as she has hitherto been, the favorit of all who, in pursuit of health, business or pleasure, turn their faces towards the "ever faithful list".

The continued good health of the city will dispet the fear of those persons so much concented for our situation. The awful rawages treported in several Northern papers of yellow fever has been renoration of 30.0.
